

MULTI-WALL POLYCARBONATE

SOLID POLYCARBONATE

CORRUGATED POLYPROPYLENE

QUALITY MATERIALS.
COMPETITIVE PRICING.
FAST DELIVERY.

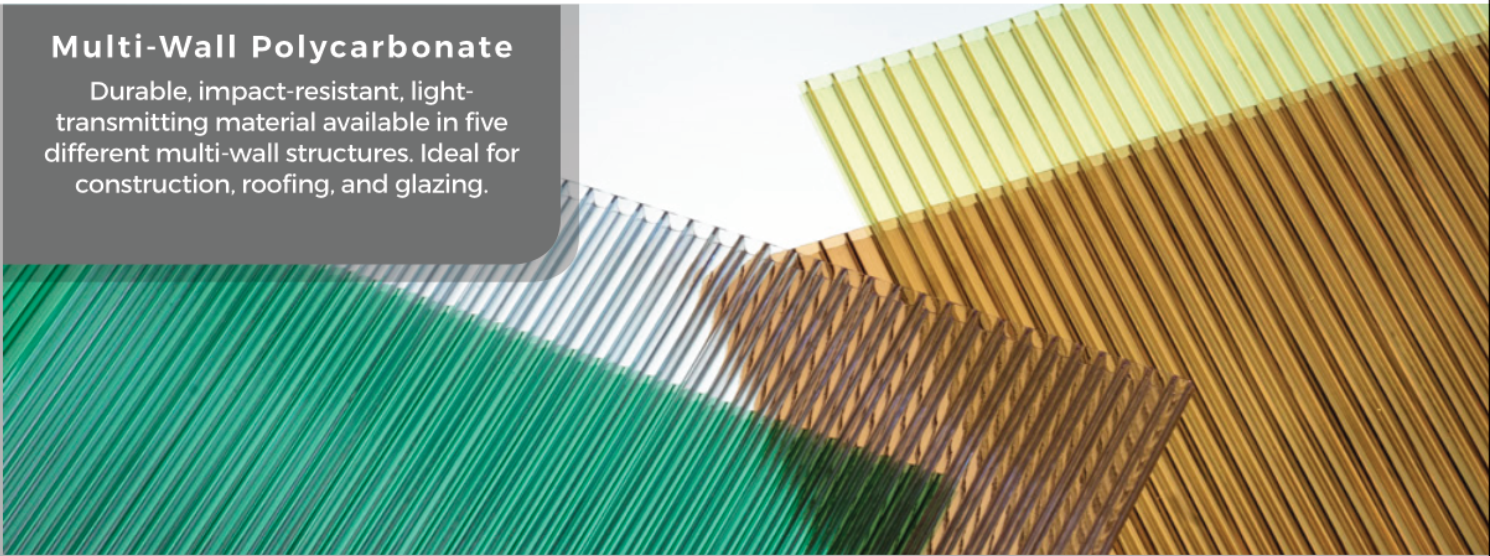

The background is a solid blue color. Overlaid on this are several geometric elements: a large, faint wireframe cube that appears to be receding into the distance, and three concentric circles of varying shades of blue. The circles are positioned in the lower right quadrant of the image, with the largest one being the most prominent. The overall aesthetic is modern and industrial.

Ug Plast is a producer of high quality multi-wall polycarbonate, solid polycarbonate, and corrugated polypropylene sheets. Our 72,000-square-foot facility is located in York, Pennsylvania, and provides convenient access to all major markets in the eastern United States and Canada. We supply distributors that serve a variety of industries, including architectural design and construction, signage and displays, medical and consumer products, industrial packaging, and OEM markets. All of our raw materials are domestically sourced, and all of our products are made in the USA.

OUR PRODUCTS

Multi-Wall Polycarbonate

Durable, impact-resistant, light-transmitting material available in five different multi-wall structures. Ideal for construction, roofing, and glazing.

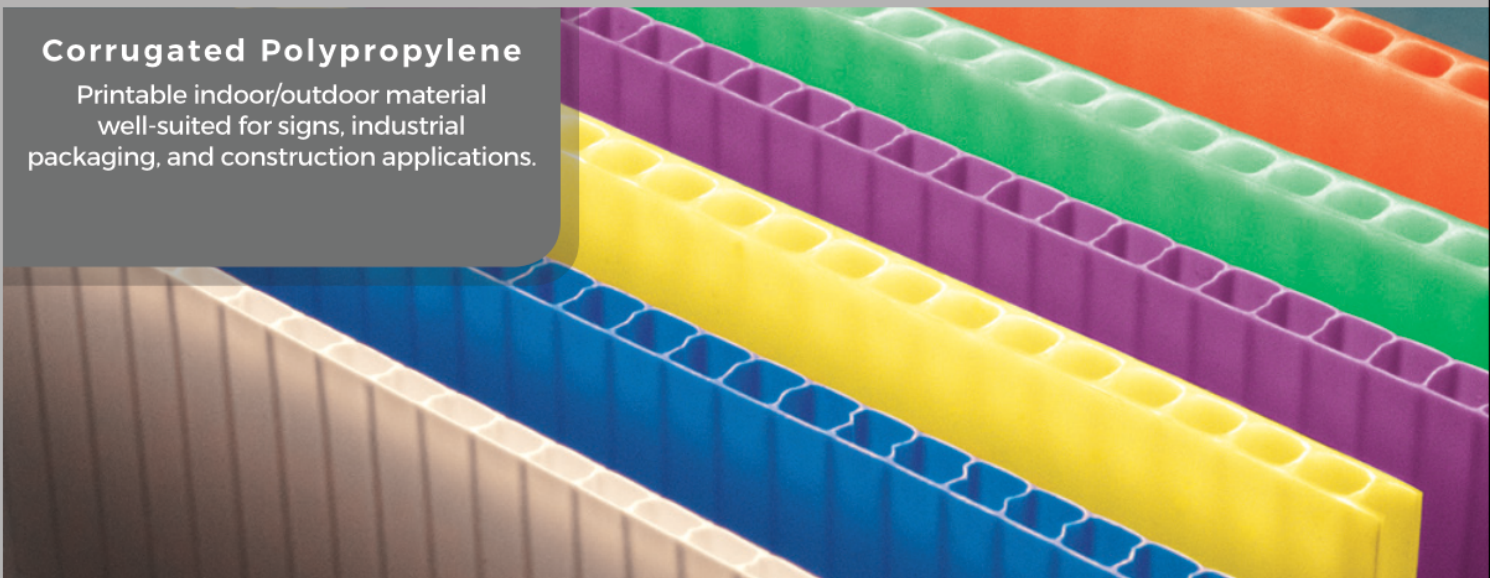

Solid Polycarbonate

Ready-to-use material that is easily shaped, cut, and drilled without cracking or breaking. Perfect for glazing, greenhouses, or any light-transmitting design.

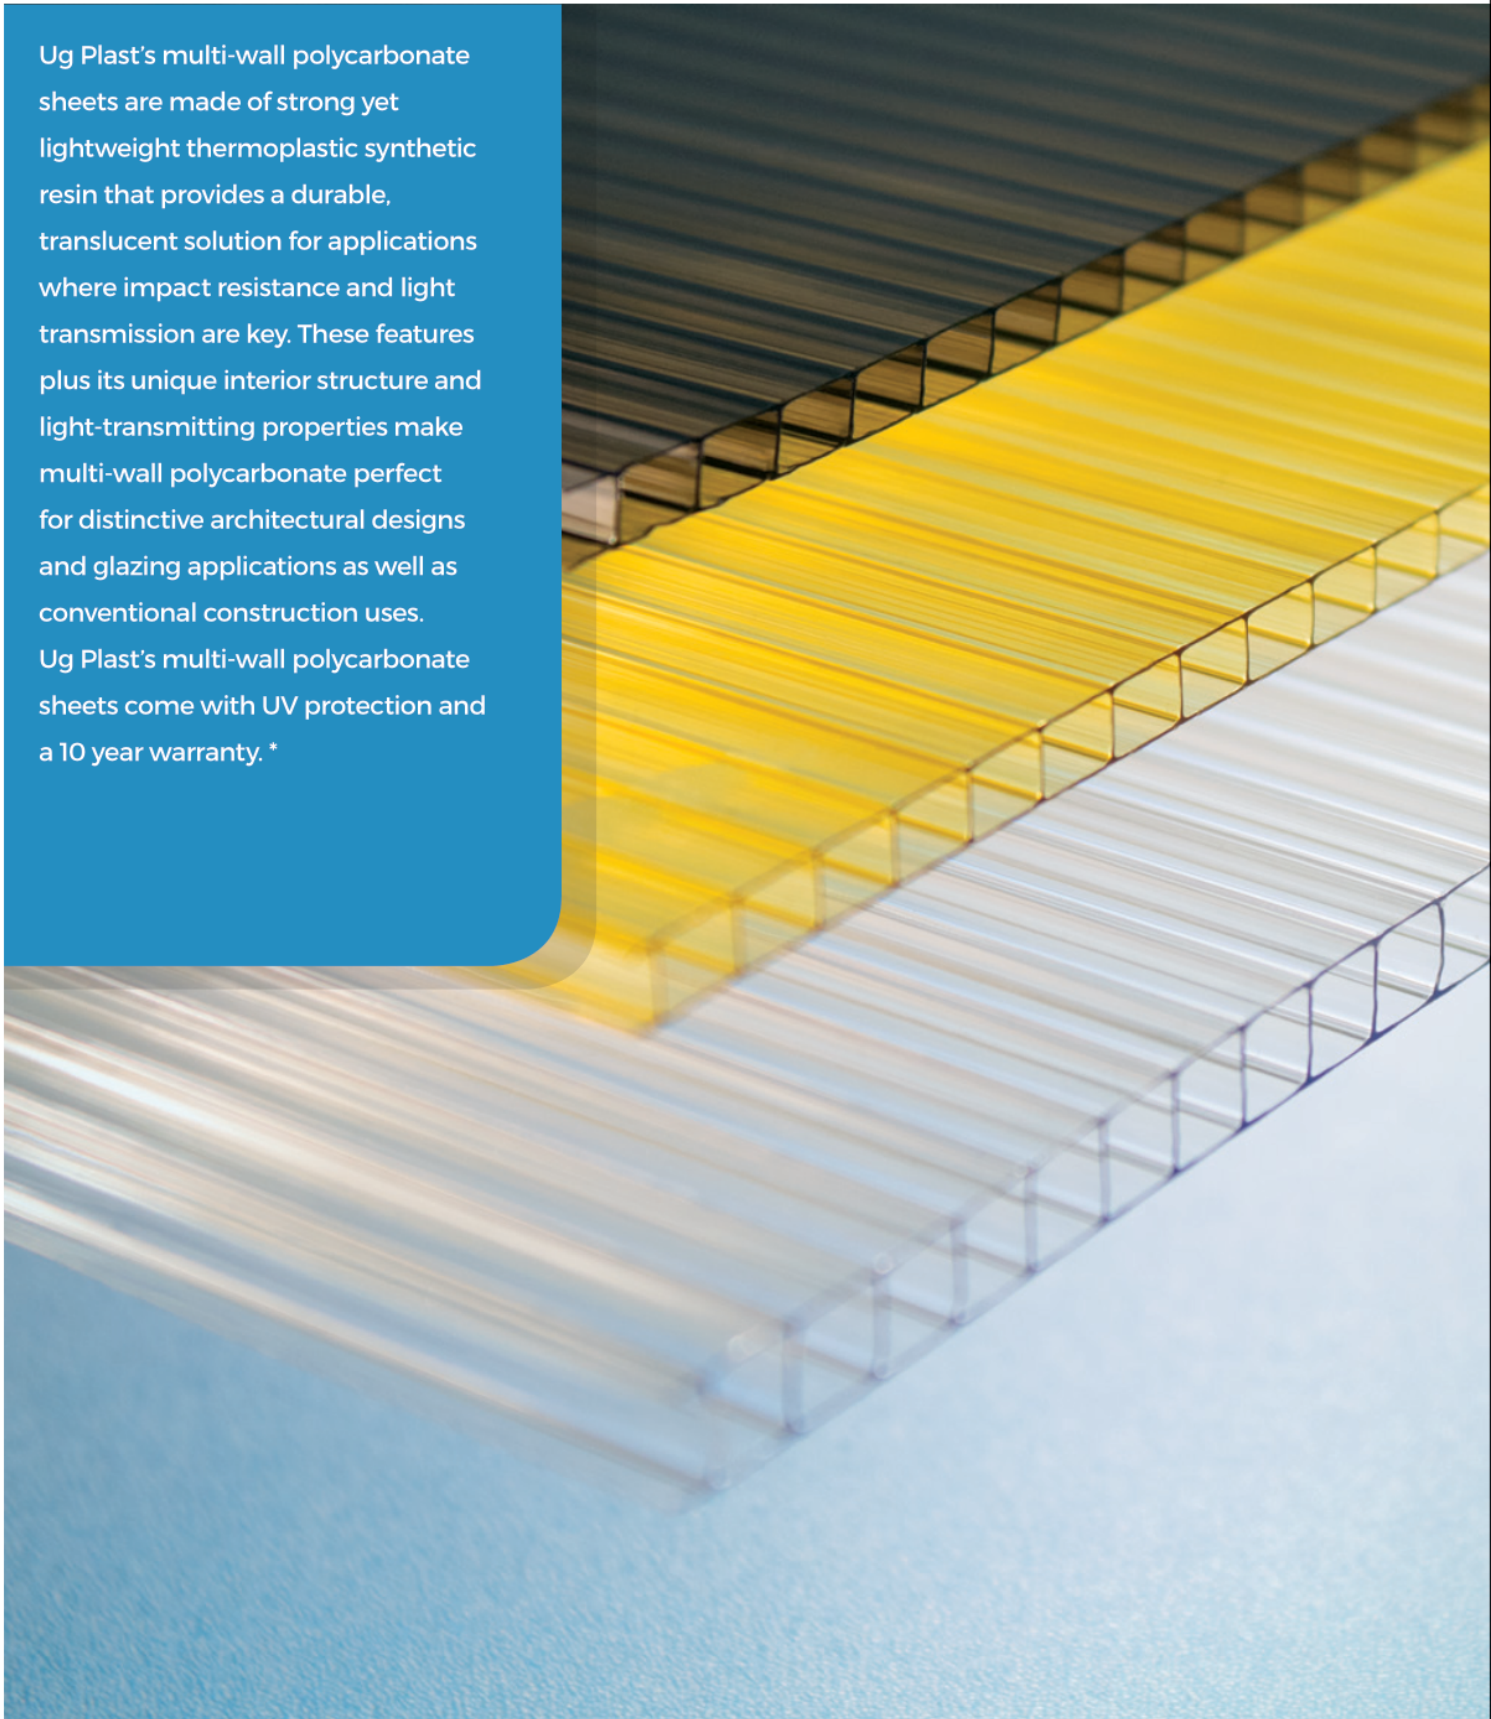

Corrugated Polypropylene

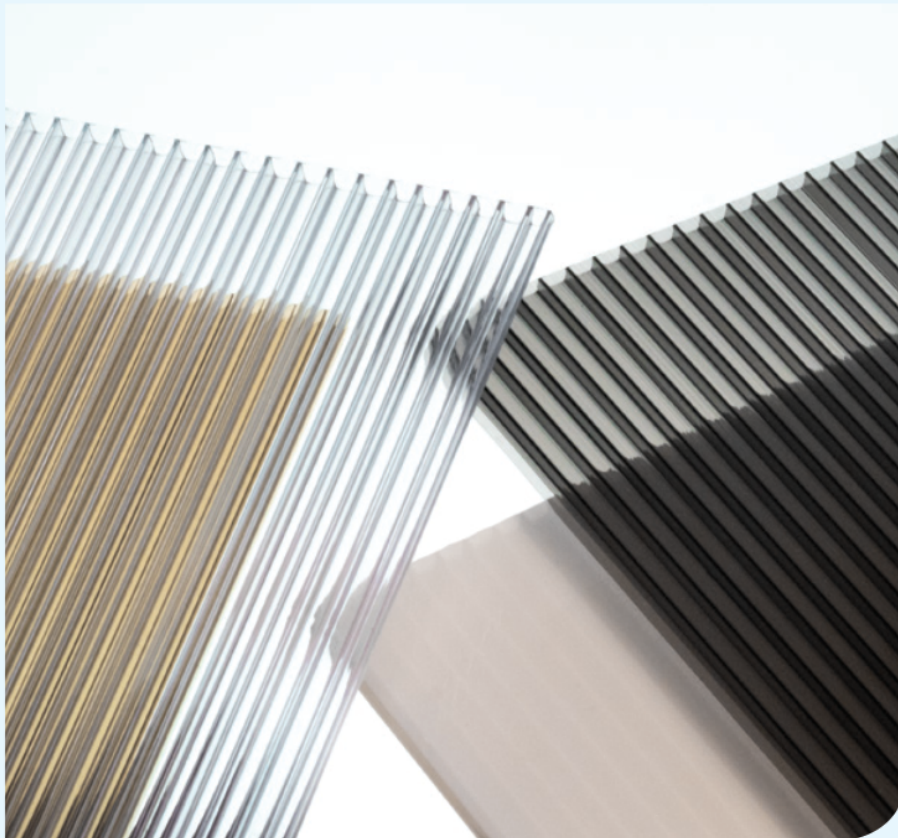

Printable indoor/outdoor material well-suited for signs, industrial packaging, and construction applications.

MULTI-WALL POLYCARBONATE

Ug Plast's multi-wall polycarbonate sheets are made of strong yet lightweight thermoplastic synthetic resin that provides a durable, translucent solution for applications where impact resistance and light transmission are key. These features plus its unique interior structure and light-transmitting properties make multi-wall polycarbonate perfect for distinctive architectural designs and glazing applications as well as conventional construction uses. Ug Plast's multi-wall polycarbonate sheets come with UV protection and a 10 year warranty. *

Features

- 12 colors in stock
- 5 structure options
- UV protection
- Cut to size
- 10 year warranty
- Available to ship in 3 to 4 days

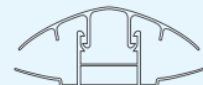

Benefits

- Highly impact resistant
- Energy efficient
- High light transmission
- Lightweight
- Easy to install
- Recyclable
- Buyback Program

Applications

- Architecture
- Construction
- Roofing
- Glazing
- Greenhouses
- Skylights

Accessories

Base & Cap Profile (HCP)

U Profile (UP)

*Multi-Wall Polycarbonate 10 Year Warranty

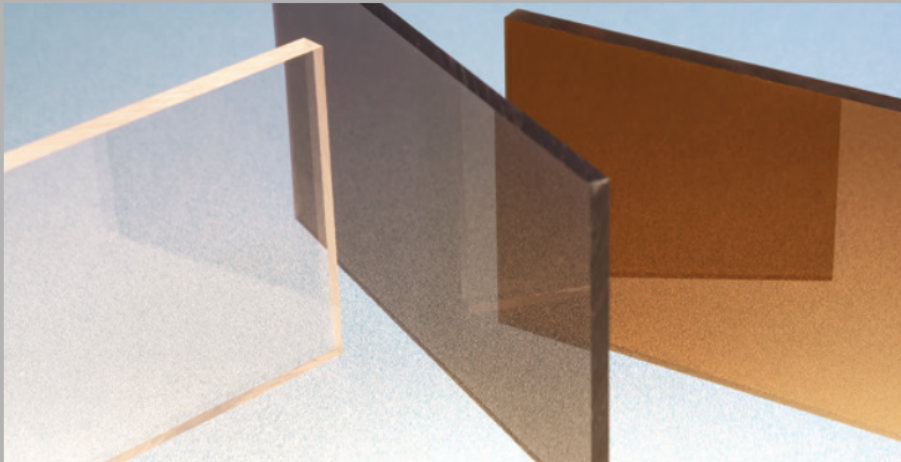

Warranty only applies when products are properly installed and maintained according to Ug Plast's Installation and Care Instructions. Failure to follow these instructions voids the warranty. You can download complete instructions at ugplast-inc.com or contact a customer service representative for assistance.

SOLID POLYCARBONATE

Ug Plast's solid polycarbonate sheets are made from strong, lightweight thermoplastic synthetic resin material that is extruded into solid sheets. Solid polycarbonate is highly impact resistant and provides a higher insulating property than glass while also being significantly more durable. Solid polycarbonate is ideal for construction, architecture, roofing, and glazing applications and is known for its ease of installation and its ability to be cut, drilled, and shaped without cracking or breaking. Ug Plast's solid polycarbonate sheets come with double-sided UV protection and a 15 year warranty. *

Features

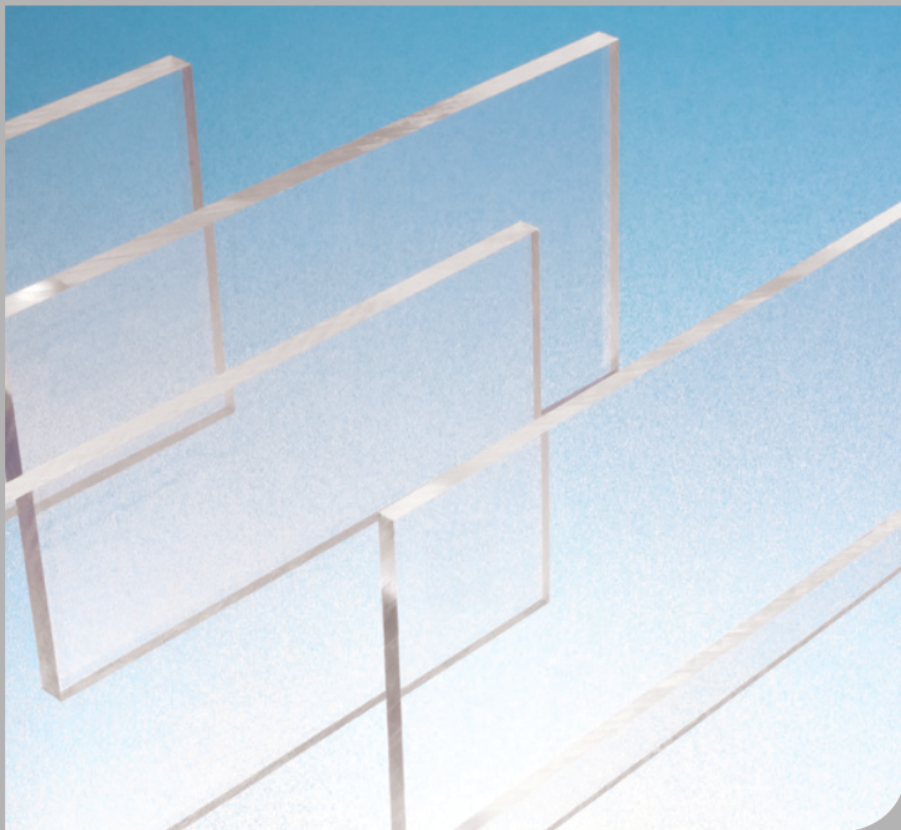

- Double-sided UV protection
- Cut to size
- 15 year warranty
- Available to ship in 3 to 4 days

Benefits

- Highly impact resistant
- Energy efficient
- High light transmission
- Lightweight

CORRUGATED POLYPROPYLENE

Ug Plast's corrugated polypropylene sheets are an economical, durable, lightweight solution for a variety of applications from indoor and outdoor signs and displays to floor covering and wall protection at construction sites. A key benefit of polypropylene is that it's completely recyclable, so even though it's often used for temporary purposes, there is no need for it to go to the landfill at the end of its use. Our Buyback Program can help you protect your budget and the environment.

Features

Standard and custom colors
 Variety of weights/thicknesses
 Cut to size
 Available to ship in 3 to 4 days

Benefits

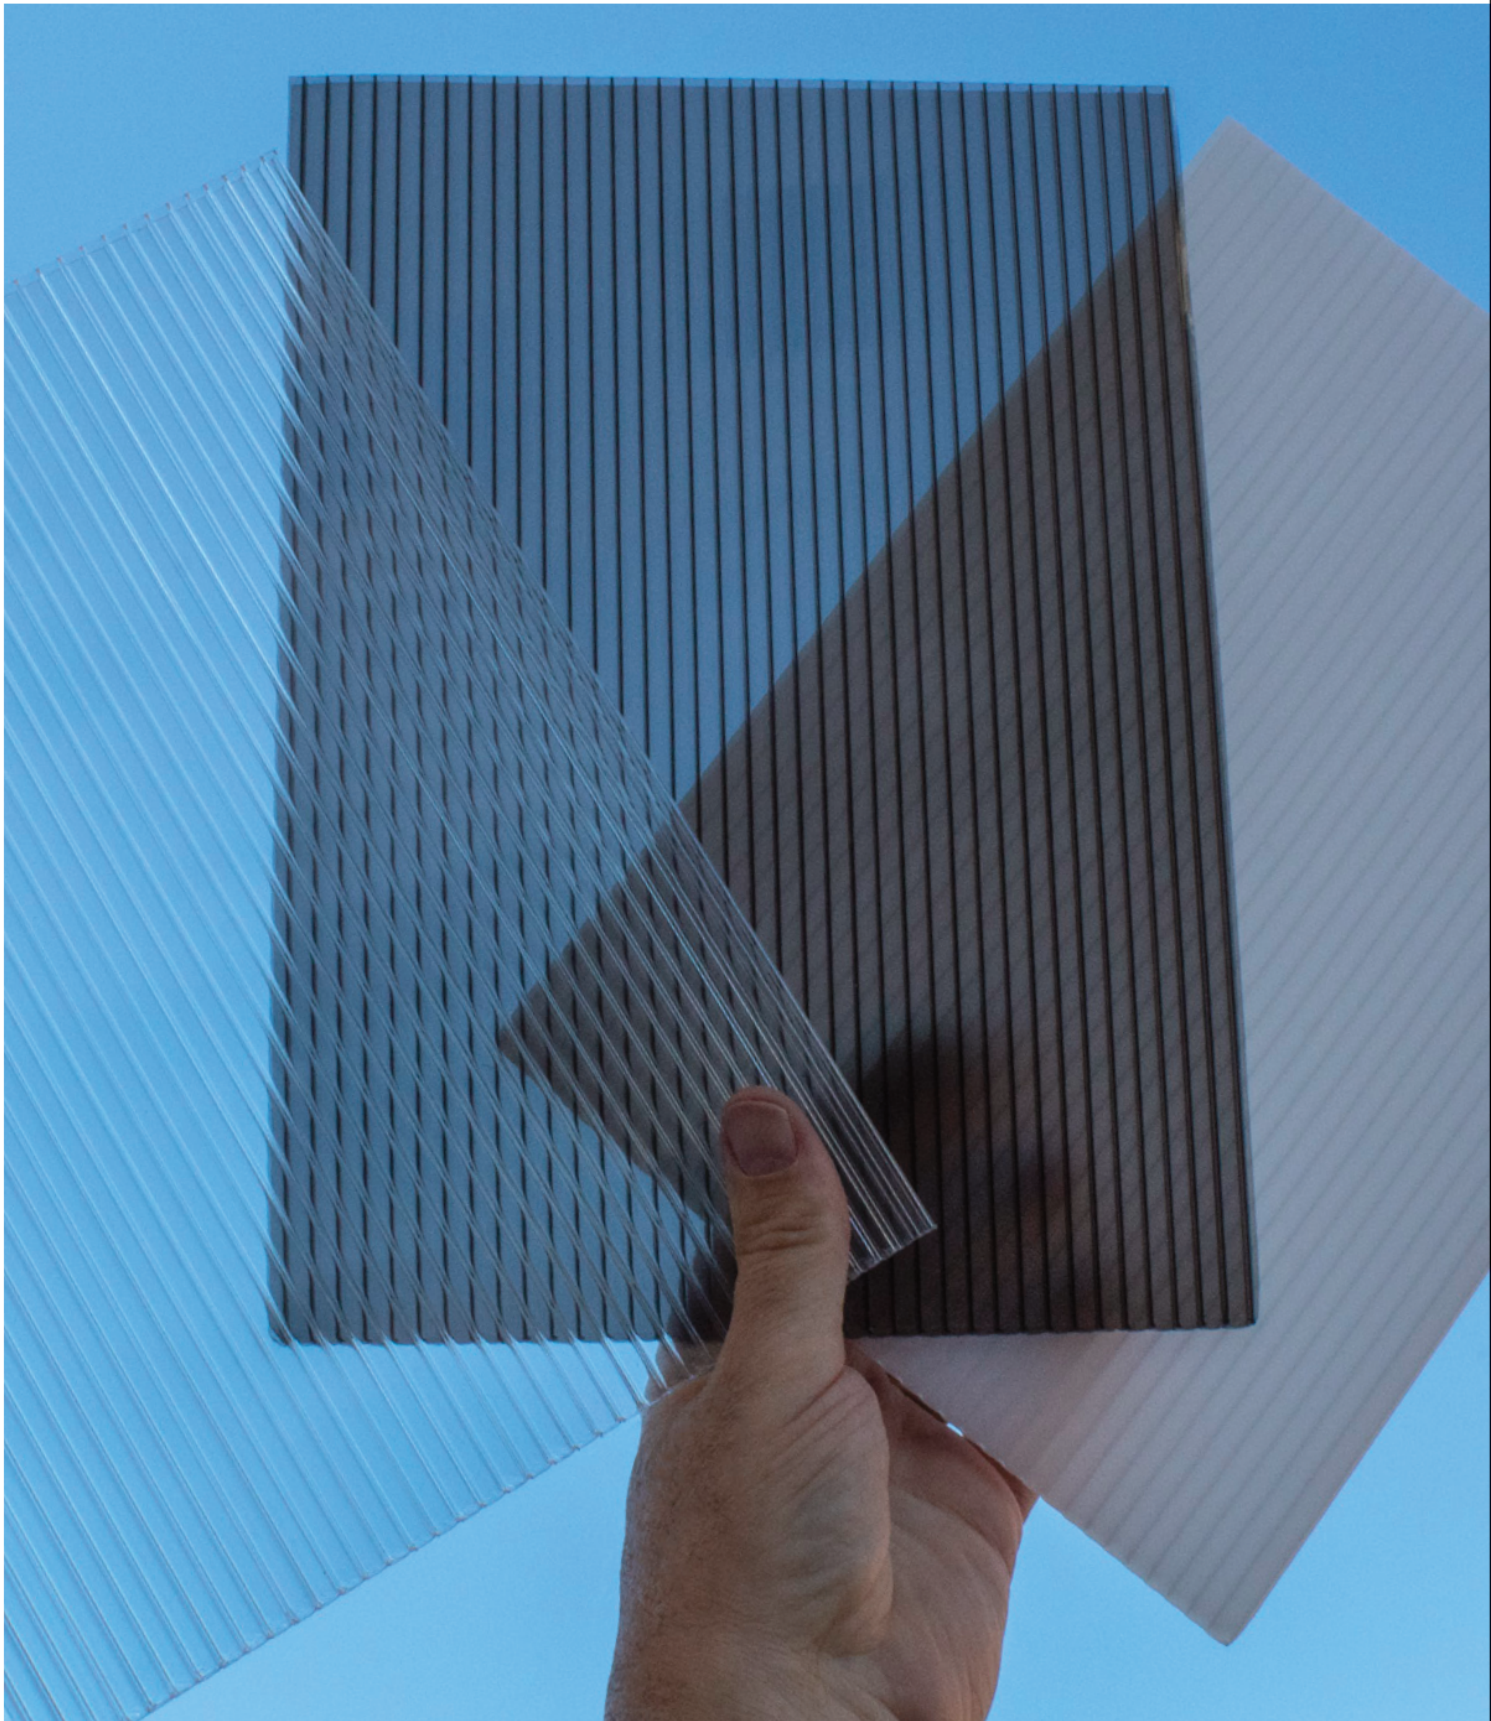

Inexpensive
 Durable
 Printable
 Fade resistant
 Waterproof

 Industrial pallet partitioning
 Packaging
 Storage containers

WHY UG PLAST?

**Available to ship in 3 to 4 days**

Weeks just won't do. You want it fast. Ug Plast delivers.

**12 polycarbonate colors in stock**

The colors you want, ready to go.

**Superior quality you can count on for years to come**

We offer some of the longest warranties in the business with a 10 year multi-wall polycarbonate warranty and a 15 year solid polycarbonate warranty.

**UV protection is standard on polycarbonate**

Our multi-wall polycarbonate and solid polycarbonate include standard UV protection at a price that remains competitive with the general purpose, unprotected products of our competitors.

**Cut to size available for all products**

One size never fits all. Get the right size with less waste.

**Polypropylene Buyback Program**

Corrugated polypropylene often has a short-term use. Don't pay someone else to dispose of it. Sell it back to us and get a real return on your investment while also keeping it out of the landfill.

Recycling Support

No need for trimmings and leftovers to go in the trash. Talk to us about our recycling options to give your waste or unwanted materials a second life.

Made in the USA/Materials Sourced in the USA

All raw materials used by Ug Plast are domestically sourced, and all of our polycarbonate and polypropylene products are made in the USA.

Buyback Program

Ug Plast is committed to producing high quality products that have a low impact on our environment. As part of this commitment, we offer a Buyback Program in which we'll buy back your used and unused materials at a percentage of your original purchase price. To learn more, contact a Ug Plast customer service representative for details.

Installation and Care
